

AN Engineers & Chemicals

COMPANY PROFILE

Established in 2014, A Professional Engineering Firm

AN Engineers & Chemicals is a dynamic proprietorship firm dedicated to engineering excellence. With our steadfast commitment to the field of Water & Wastewater, we specialize in delivering turnkey solutions for greenfield and brownfield projects.

Our Expertise

We place paramount importance on technical expertise, ensuring that we stay at the forefront of the latest developments in Water & Wastewater Engineering domain. Our capabilities encompass the entire project lifecycle, from design and procurement to installation and ongoing maintenance of water and wastewater treatment plants.

Our Purpose

Our primary objective is to create a shield against water and waste water pollution hazard, providing peace of mind for the inhabitant, occupants, and residence of various structures and buildings. This allows them to conduct their business effectively and securely.

Our Vision

AN Engineers & Chemicals envisions becoming a leading Turnkey Project Management Company across India, driven by:

- **Quality Assurance:** Our commitment to delivering high-quality solution.
- **Rapid Deliveries:** Adherence to delivery schedules, ensuring project completed on time.
- **Competitive Pricing:** Offering cost-effective solutions without compromising on quality.

Our Mission

We are dedicated to swiftly addressing our customers' requirements, providing efficient and effective solutions for their engineering needs.

Core Values

Our core values form the foundation of our operations and relationships:

- **Integrity:** Upholding the highest ethical standards in everything we do.
- **Responsibility:** Taking ownership of our commitments and actions.
- **Flexibility:** Adapting to the evolving needs of our clients and the industry.
- **Transparency:** Operating with openness and honesty in all our interaction.

At **A.N. Engineers & Chemicals**, we are committed to engineering a better future, safeguarding the environment, delivering exceptional value to our client.

As an authorized channel partner of **SUDERSHAN CHEMICALS in Pune**, we specialize in providing a wide range of solutions for water treatment chemicals, wastewater chemicals. Our expertise extends to various applications, including boiler and cooling tower treatment, reverse osmosis systems, swimming pools and water body accessories.

Our Offerings:

- **Water Treatment Plant:** We design, install, and maintain water treatment system to ensure the highest quality standards are met.
- **Sewage Treatment Plant:** Our solutions address sewage treatment, purifying wastewater to protect the environment and public health.
- **Effluent Treatment Plant:** We manage and treat industrial effluents to meet regulatory standards and minimize environmental impact.
- **Water & Wastewater Treatment Chemicals:** We provide specialized chemicals for use in water and wastewater treatment, enhancing the effectiveness of treatment processes.
- **Boiler and Cooling Tower Chemicals:** Our expertise extends to the treatment of boiler and cooling tower systems, ensuring efficient and safe operation.
- **Reverse Osmosis System:** We deliver high-quality RO systems for reliable and safe water purification.
- **Point of Use and Centralized System:** Our solutions cater to both individual point-of-use system and centralized water treatment plant.
- **Swimming Pool & Water body Accessories:** We offer a range of accessories to maintain and enhance the quality of swimming pools and water bodies.

- **Special Microbial Culture for ETP & STP for MLSS:** We provide specialized microbial cultures for enhanced performance in ETP and STP.

Services:

- **Annual Maintenance Contracts (AMC) :** We offer comprehensive maintenance services to ensure the long-term efficiency and reliability of water and wastewater treatment systems.
- **Operation and Maintenance (O&M):** Our O&M services cover Water Treatment Plants, Sewage Treatment plants, Reverse Osmosis Systems, Effluent treatment plants, and Swimming pools.

Why Choose Us:

- **Authorized Channel Partner:** We have an official partnership with SUDERSHAN CHEMICALS, a trusted name in the industry.
- **Extensive Expertise:** Our team of experts brings extensive knowledge and experience to each project, ensuring the highest quality results.
- **Comprehensive Solutions:** We offer a complete suite of water and wastewater solutions, chemicals, and maintenance services.
- **Commitment to Compliance:** We prioritize adherence to regulatory standards and environmental best practices.

Get in touch:

Contact us today to explore how our water and wastewater solutions can meet your specific needs. We are dedicated to delivering sustainable, efficient, and reliable systems to enhance water quality and environmental sustainability.
